

Amethyst with Goddess (Chambered)

\$50.00

Our Wiccan inspired chamber pendulum is made of Amethyst. The silvery bob unscrews to reveal the chamber, which allows the user to further energize the pendulum with different elements such as hair, herbs and oils. The pendulum's chain features amethyst accent beads and a silvery Goddess symbol attached to the end for slip free handling. Gemstones infuse a pendulum with their energies and enhance your intentions with their power.
